

English

Throughout English and Reading lessons, the children will create a variety of different text types including a narrative, a persuasive letter and a diary entry. There will also be a focus on fronted adverbials as well as suffixes and prefixes.

Maths

This term's learning will continue to develop learning in using numbers to 100. We will also look at the properties of 2D and 3D shapes, measurement and position and direction.

Term 5 - Kings and Queens!

We are over half way through the year already!
We hope that everyone enjoyed their Easter break and are ready for learning!

Science

We will be looking at plants, how they grow, what they need and we will even grow our own! They will measure growth and record data and make close observations.

Topic

We are going to be looking at the Royal family, their importance and how the monarchy has changed. We will explore the timeline of events in Kings and Queens of England, and how the roles have changed. We will also look at medieval banquets!

Computing

'We are detectives'

The children will go on a bug hunt, recording and identifying the small animals they find. They then organise the data they have collected, record it using a graphing package, and interpret the graph to answer questions about the animals.

PE is on a Thursday for Jade class and Friday for Coral and Crystal.

Children need to wear full PE Kit into school all day. This term we are looking at being creative, coordination and balance.

Bug Hunt

RE DAY

This term RE day is on 21/5/21.

PSHE

Our topic this term is Relationships.

We will talk about how to make friends, solve problems, help others and show respect. We will think about what makes a good relationship and how to help ourselves and others when we feel upset.

Music

Using the Charanga scheme, this term all the learning in this unit is based around one song: Friendship song. Using their imagination and working together as a class, they will create their own performance of this song.
