

Celebrating Year 6's learning

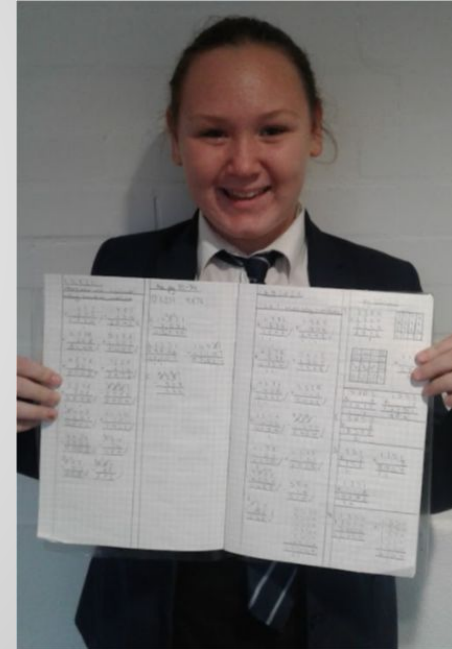

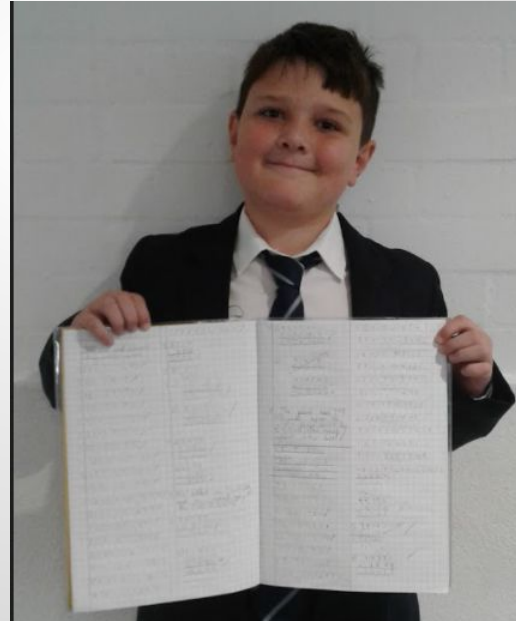

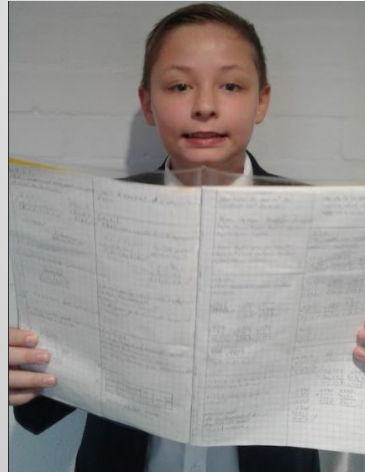

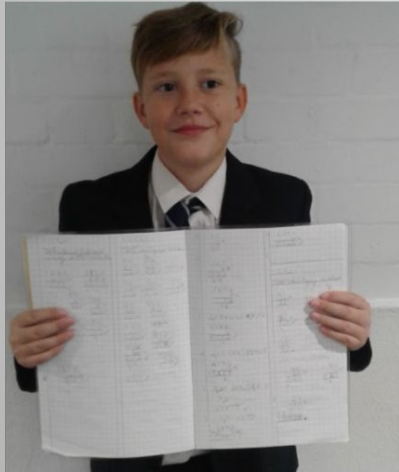

The children have thoroughly enjoyed reading 'War Horse' by Michael Morpurgo this term and have used the text to inspire them for their own writing. The children have written descriptions, diary entries, newspaper articles and many more.

MATHS

Celebrating Year 6's learning

This term, the children have focused on number, with a particular focus on place value and the four operations. Take a look at their great Maths work!

WORLD WAR 1

Throughout term 1, we have been learning about World War One and this will continue for next term. We have learnt why the war started, important leaders of this time, trenches and much more!

Celebrating Year 6's learning

Science

We have enjoyed two Science days this term and this has been based around 'Electricity'. The children have learnt the scientific symbols for this and completed investigations around circuits.
