

## English

In English, over Term 1, the children will be given the opportunity to develop their creative writing skills. They will explore different ideas and techniques, creating a dream adventure narrative based on the book, 'Ocean Meets Sky' by Eric Fan and Terry Fan.

## Science

In Science lessons, we will be exploring Animal Nutrition and the Skeletal System. The children will investigate animal diets, the requirements for life and the importance of a skeleton. They will also discover that not all skeletal systems are the same!

# Term One Year 3 Through The Ages

## Welcome to Year 3!

We have an exciting term ahead of us! If you have any questions please ask your child's teacher.

## P.E.

P.E. will be on a Monday and Wednesday.

## History

During our History lessons, the children will learn about The Stone Age, Bronze Age and Iron Age. They will develop an understanding of how this significant time period has shaped our lives today. They will study places such as Skara Brae and Stonehenge.

## Maths

Within our Maths lessons, the children will begin their learning by being able to represent numbers.

As they move through the term they will also deepen their understanding of number by studying partitioning numbers and understanding 1, 10 or 100 more or less than a given number.

**TT Rockstars:** In Year 3, we focus on our 3, 4 and 8 times tables, as well as continued fluency in with the 2, 5 and 10 times tables.

# Term One Year 3 Through The Ages

## Computing

Our focus for Term One, in computing, is 'Information Technology.'

The children will discover, the World Wide Web, search engines and discover digital data.

## French

The children will learn about France and greetings within Term One. They will also begin to learn some core vocabulary, for example, counting to 10.

## PSHE

Resilience

In this unit, children will identify challenges and consider the tools to tackle them with confidence. Failure and emotions are also considered to develop a better understanding of our own triggers.

## Homework

Homework will be shared on Google Classroom. Your child can complete their homework and upload it for us to see.

Spellings will be given out weekly, and the children will be tested on a Friday morning.

## DT

Our project teaches children about cam mechanisms. They experiment with different shaped cams before designing, making and evaluating a child's automaton toy.

## Physical Education

Our first real PE unit focuses on personal skills. We will be building on the core physical skill of coordination.

## Music

The children will invent cup rhythm games, explore pentatonic melodies from around the world, sing as a round, and compose ostinato accompaniments.

## Religious Education

In RE we are thinking about what is it like to follow God? We will look at some old Testament characters and think about promises people make.
