

Hello Year 2!

We have an exciting term ahead of us! If you have any questions please ask your child's teacher.

Religious Education

English

In English, over Term 4, the children are going to be focusing on writing descriptions, adventure stories and instructions. We will use a selection of fiction and non-fiction this term.

Year 2 Term 4 Coastline & Land Ahoy

Home Learning Menu

Just a reminder that homework has ongoing projects and learning but books should be returned on a **WEDNESDAY** for updated Maths/Spelling homework.

The reading expectation is 3 times per week with yellow reading record books signed to show this. Their yellow reading records need to be bought in daily so that we can keep a record.

Geography

In Geography this term, we continue to look at our coastline whilst also developing children's knowledge of the sea, seafaring and pirates. Children will use maps, learn about famous pirates and explorers as well as finding out about life at sea.

Maths

Within our Maths lessons, the children will be learning Money, Mass, Capacity and Temperature. Allow your child to help you with money when out shopping to help learning or get them baking!

Numbots: Children can access this at home. Log in details are in their orange homework books.

TT Rockstars: In Year 2, we focus on our 2, 5 and 10 times tables. These can be practised on TT Rockstars. The log in details are the same for this as numbots.

Computing

This term they will recognise cause and effect, demonstrate how the virtual Bee-Bots work and give several clear instructions in sequence. They will develop their programming skills from previous terms and identify and correct any mistakes.

Art

The children will be enjoying some painting this term using acrylic paints and creating some wonderful masterpieces!

Year 2 Term 3 Coastlines / Land Ahoy!

P.E.

Monday (Outside) Thursday (Inside)

Please remember that earrings need to be taken out and correct PE Kit is worn to school that day.

Science

This project teaches children about the growth of plants from seeds and bulbs. They observe the growth of plants firsthand, recording changes over time and identifying what plants need to grow and stay healthy.

Physical Education

Our fourth 'Real PE' unit focuses on developing and applying their ball skills and counter balance with a partner through focused skill sessions, cooperative and competitive games.

Music

Our unit is 'Zootime'. The children will listen to find the rhythm, the pulse and may even try some singing!

PSHE

This term the children will learn about healthy food and having healthy relationships with food and making the right choices. The children consider what makes them feel relaxed and stressed. They learn about medicines, how they work and how to use them safely.
