

Term 1 in Year 1

SUPERHEROES

We are very proud of how well Year 1 have worked over the past term!

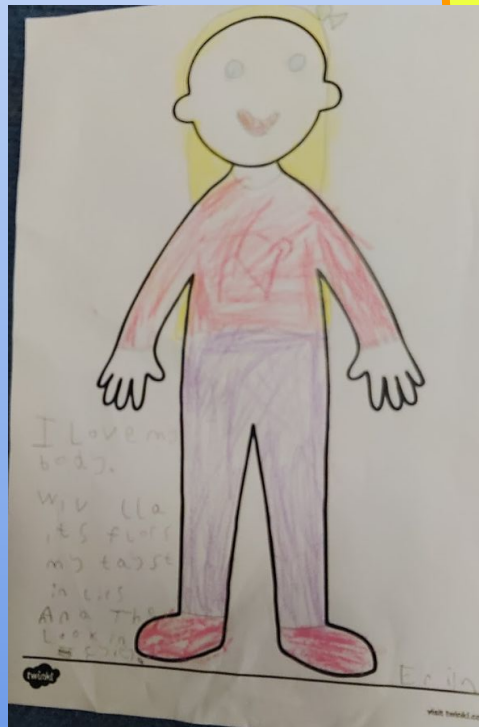

Have a look at the following slides to see some examples of their amazing work!
Well done to you all.

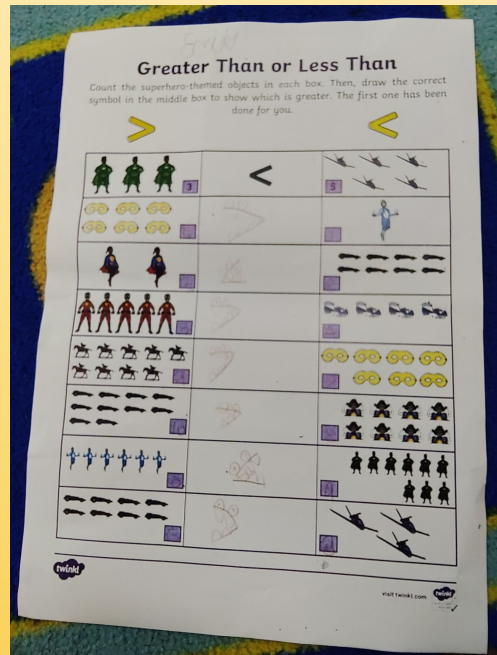

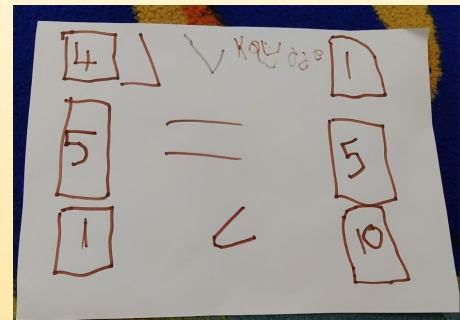

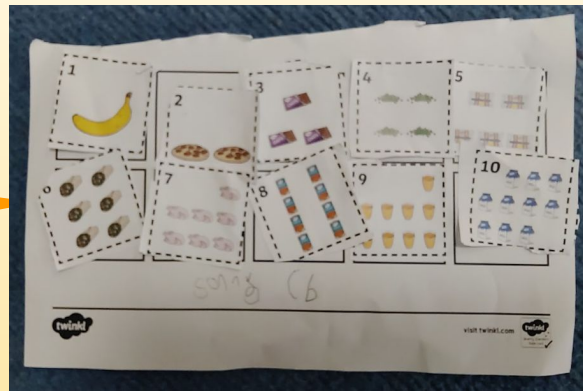

Year 1 have been working incredibly hard in their English lessons during Term 1.

We began the term by using our new sounds to write sentences all about Superheroes! We have been making sure we use a capital letter to start, finger spaces in between words and a full stop at the end. We have also been using colourful semantics to help us put a sentence together. We are continuing our phonics learning each to ensure we learn all the sounds to help us learn to read and write.

Year 1

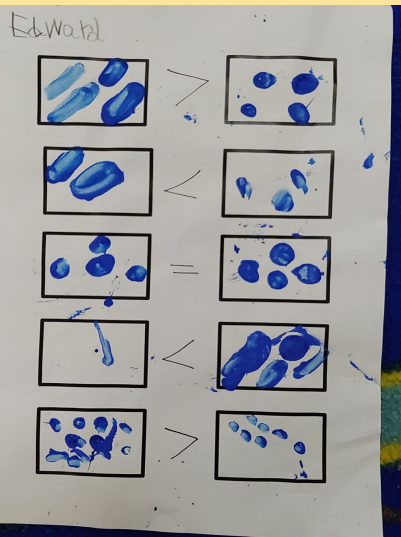

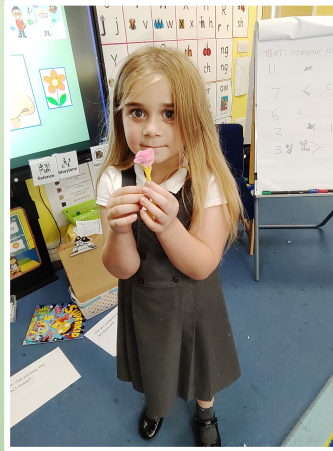

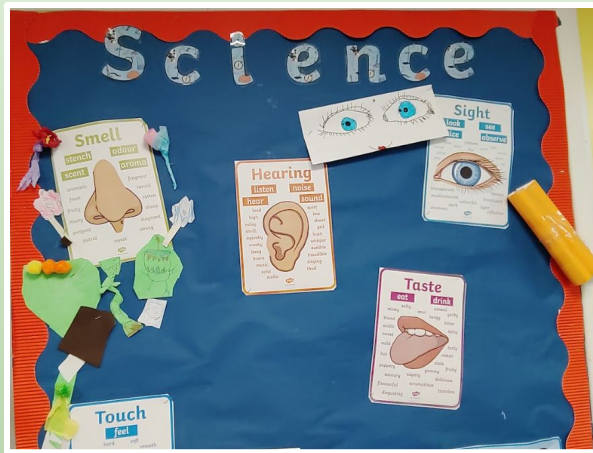

Maths

In Term 1, Year 1 have been revisiting our numbers to twenty, making sure we can count forwards and backwards.

We have shown that we can compare numbers by using the vocabulary of fewer, more and the same and starting to use the $<$, $=$ and $>$ symbols to say whether a number is greater than, less than or equal to another.

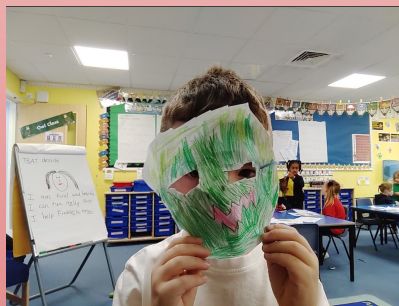

In Science, we have been learning all about our bodies! We have learnt to name our body parts and learn how we sense the world. We investigated our sense of hearing, sight, smell, touch and taste. The tasting was probably the most fun because we got to eat some different flavoured crisps and try to work out the flavour. The smell investigation got a bit stinky!

Freeflow

Over Term 1, in our freeflow lessons, the children have learnt about real life superheroes such as Florence Nightingale and Mary Seacole. The children have learnt about who they were and the significant role they played in nursing history.

We have explored history this term through construction, creating pieces of art and exploring our Superhero base in our small world.

We love music and enjoy following the beat and clapping or playing rhythms.
In PE we've also been on 'adventures' to develop skills like side-stepping, hopping and skipping.

Music & PE
