

We are looking forward to welcoming back our students after the holidays.

Read through the information on these two pages for updates on learning for Term 6.

Reading At Home

We would ask that every child completes at least 20 minutes of reading per week. This can be from a book of your child's choice, however we would request that you sign your child's book to confirm that this reading has been completed. They will need to hand this book into their class teacher on a Wednesday morning.

RE

Year 4's RE day will be on Friday 7th July this term. We will be focusing on belonging, religious symbols and objects.

Science

Year 4 will be continuing their learning about animals and their environment - hopefully putting this information to use on our school trip to Howletts!

YR4 - Term Six Italy

English

For English this term Year 4 will be writing a discussion text and a persuasive letter based on our topic of Italy.

We will also be reading some Roman Myths.

Maths

Maths this term begins with a focus on time and money. Support at home with these topics is really useful as they are 'real life' skills. Following these, Year 4 will look at shape, statistics, position and direction.

PE

Dingo - Monday & Wednesday

Tiger - Monday & Wednesday

Falcon - Monday & Friday

Please remember to send your children to school in their kits on this day.

Geography - Italy

The children will be expected to be able to draw comparisons between Italy and the UK, including physical geography and cultural differences.

PSHE Term 5's Jigsaw topic is Changing Me.

Music

Term 6 sees the children consolidating the learning that they have achieved this year as well as considering the purpose, identity and expression in music.

Cooking:

This term the remaining half of each class will be cooking.

Dingo - Monday

Tiger - Wednesday

Falcon - Tuesday

Please provide your child with a container to bring home their creations in.

DT Week

In DT week the focus will be mechanisms. Year 4 will be investigating and creating pulley systems to be used in a specified way.

Computing

Using computer software the children will become meteorologists - tracking the weather of Italy.

Homework

Set: Friday

Return : Wednesday

Homework will include spellings, reading and English and Maths
