

English

The children have daily Read Write Inc sessions to develop their understanding of phonics, their ability to spell and to develop reading skills.

The children also have a text-based lesson where they share ideas, build their vocabulary and practice their writing skills. We will be writing stories, letters and information books this term on our dinosaur topic!

Key learning in phonics and writing is to: sound out; form letters correctly; say and then write a series of sentences!

Science

Animals - naming and classifying animals; learning about their offspring and life cycles. Linking our learning to dinosaurs and other animals, we will be learning whether they are carnivores or herbivores and where they live and why. We will develop our questioning and thinking skills and collecting data

Maths

The children will develop their understanding of numbers to 50 and their value. We will be measuring length and weight and consolidating our addition and subtraction skills, learning the place value of these numbers.

Y1 Term 3 - Land of the Dinosaurs!

Recommended Reads -

First News - children's newspaper
Non fiction about dinosaurs (age appropriate)

Harry and his bucket full of Dinosaurs
'Dinosaur Roar' series

How exciting to be starting a new year 2023 and a new term! We have an exciting time planned!

Freeflow - Geography, History, Art and Design Technology

Learning across the subjects based around our dinosaur topic - When did they dinosaurs live? What was Earth like when the dinosaurs lived? How has the Earth changed?
