

English

Our English will focus on a variety of genres including: information text, setting description; a retell of a narrative and a character description.

Science - Living things and their habitats.

In Science, we will be sorting and grouping items into different categories, discussing if items are living, dead or never been alive. We will be investigating our local habitats and even going on a bug hunt. We will also be looking at food chains.

Maths -

Our focus in maths this term will be place value, addition and subtraction.
