

English

Throughout English and Reading lessons, the children will create a variety of different text types including a narrative, information text and a setting description.

There will also be a punctuation and grammar focus on both apostrophes for possession and for contractions.

Science

Children will be learning about Materials this term. They will identify and name materials at home and in school and think about their uses. They will also look at the suitability of the materials.

Maths

The term will start with the children looking at mass and capacity before moving on to fractions and time.

Term 4 - Great Fire of London

King of the Cloud Forests - *Michael Morpurgo*

Hello Year 2!

We are over half way through the year already!! We hope everyone enjoyed their half term and are ready for learning!

Topic - History

The children will attempt to understand what happened and why before thinking about what had been learnt from this event. The children will also focus on a key individual from that time, Samuel Pepys. Why was he so important? Who was he? Why do we still talk about him today? We will be constructing then burning houses to recreate the event.

DT Week - Mechanisms and shaping

Computing

'We are researchers'

Over the term, the children will learn the skills to research effectively to present information on the Great Fire of London.

PSHE

Our topic this term is Healthy Me. We will look at being healthy and relaxed, what we should eat to be healthy as well as being safe with medicine.
