Crystal: hne7001

Maths

The term will start with the children looking at mass and capacity before moving on to multiplication and division.

Hello Year 2!

We are over half way through the year already!! Hope everyone enjoyed their half term and are ready for learning!

Science

Children will be learning about Materials this term. They will identify and name materials at home and in school and think about their uses. They will also look at the suitability of the materials.

King of the Cloud Forests - *Michael Morpurgo*

Topic

The children will be looking at the historical side of this key event. They will attempt to understand what happened and why before thinking about what had been learnt from this event. Consider any changes that were made following the fire and why was it so significant? In the years that have followed, there has been the monument and the wooden boat on the thames in memory. The children will also focus on a key individual from that time, Samuel Pepys. Why was he so important? Who was he? Why do we still talk about him today?

DT will be constructing then burning houses to recreate the event.

Computing

'We are researchers'

Over the term, the children will learn the skills to research effectively to present information on the Great Fire of London.

PE

Children need to wear full PE Kit into school all day.

Coral: Friday
Crystal: Friday
Jade: Thursday

RE DAY

This term RE day is on the 19th March. We will focus on Shrove Tuesday and Muhammed.

PSHE

Our topic this term is Healthy Me. We will look at being healthy and relaxed, what we should eat to be healthy as well as being safe with medicine.

Music

Using the Charanga scheme, this term all the learning in this unit is based around one song: Zootime. This will focus on pulse, rhythm, pitch, singing and playing instruments.
