

English -

Daily phonics lessons continue alongside our text based work around our woodland theme. We are focussing on writing super sentences which make sense, using a full stop/exclamation mark or question mark and capital letters in the right places. We will also learn about adjectives and verbs! We will act out stories using puppets and masks and retell them in our writing - maybe with a twist. We're also linking to Science and writing instructions on how to plant seeds.

Science - This term our science focus is plants. We will be looking at seasonal change, identifying and naming a variety of wild plants and common garden plants, labeling the different parts of a plant and of course we will be growing some plants too!

Maths

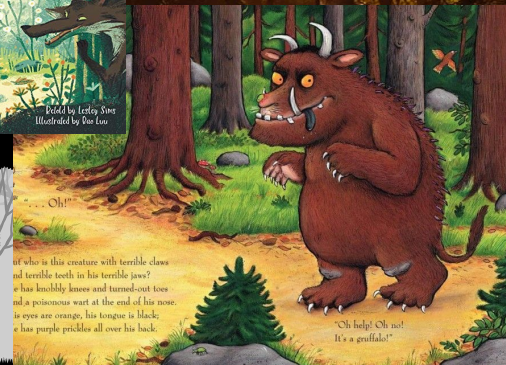

The children will continue to develop their addition and subtraction skills- consolidating within 20 and moving on up to 50 including Place Value, for example in the number 39 there are 3 Tens and 9 Ones and the 3 represents 30 and the 9 just 9. We will also be learning about measuring weight and volume this term so any kind of practice you can do at home will really help!

Y1 Term 4 - Into the Woods!

'The Little Forest' by Rob Hodgson

Freeflow - including Geography, History Art and Design Technology

Our learning through Freeflow incorporates understanding and identifying physical and human features of a landscape; we will make basic maps, creating our own map symbols and think about how to look after our environment. We will learn about The Countryside Code, British Woodlands, the flora and fauna and animal habitats found in the UK.

Jigsaw (PSHE)

This term our theme is 'Healthy Me.' We will talk about and learn how to keep our bodies healthy, our physical and mental well-being.
