VTP/ELB/RLC/Food Tasting/Terms 3&4

November 2022

Dear Parents and Carers,

I am writing to inform you that your child will be carrying out a range of food activities to support their learning and development in Food Technology during Terms 3 and 4.

We will be tasting and cooking with a variety of ingredients, all of which will be suitable for the children.

If your child has any allergies/intolerances or religious/cultural reasons for not eating or handling certain foods that we are not aware of, please let me know Friday 6th January 2023.

Please can children bring in an empty container to enable them to bring home anything they cook. It would help if this could be brought into school on a Monday ready for their lesson during the week.

Classes will be split into two groups so they may not all cook on the same day. Whilst Food Technology happens for half of the class, the rest of the class will be in Forest school. The idea is that the whole class will experience Forest School and Food technology once a week for a term.

Thank you for your continued support.

Mrs Cope
Food technology Teacher
