

English

The children have daily Little Wandle phonics sessions to develop their phonics knowledge, their ability to write sounds and to develop reading skills.

The children also have a text-based lesson where they share ideas, build their vocabulary and practice their writing skills. We will be writing stories, letters and information books this term on our dinosaur topic!

Key learning in phonics and writing is to: sound out; form letters correctly; say and then write a series of sentences!

Science - Animal Parts

Animals - naming and classifying animals; learning about their offspring and life cycles. We will link our learning to dinosaurs and whether they are carnivores, omnivores or herbivores and where they live and why. We will develop our questioning and thinking skills as we learn about the wonderful world of animals!

Maths

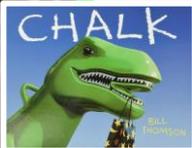

The children will develop their understanding of numbers to 50 and their value. We will be measuring length and weight and consolidating our addition and subtraction skills, learning the place value of these numbers.

Y1 Term 3 - Dinosaur Planet!

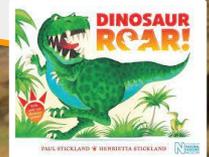

Recommended Reads -

First News - children's newspaper
Non fiction about dinosaurs (age appropriate)

Harry and his bucketful of Dinosaurs
'Dinosaur Roar' series

How wonderful to be starting a new year 2024 and a new term! We have an exciting time planned!

Freeflow - Geography, History, Art and Design Technology

Learning across the subjects based around our dinosaur topic -
When did they dinosaurs live?
What was Earth like when the dinosaurs lived? How has the Earth changed? Who was Mary Anning?

Art Week Focus:

Georges Seurat - painting

RE - Islam

This term we will be learning what it means to be Muslim and what Muslims believe.
